

Unlock The Secrets of MSS-SP-92...

In July of last year (2021), MSS (Manufacturers Standardization Society) updated MSS-SP-92 to help valve users avoid the most obvious causes of problems with valves. Because very few in the PVF industry are familiar with the new standard (or the original, for that matter), Milwaukee Valve has developed a one-hour webinar to uncover the secrets of MSS-SP-92 Valve User Guide.

On **June 28th**, join Milwaukee Valve regional manager Jeff Kiefer as we dive into the details of this Standard, including best practice recommendations to help engineers and installers avoid the most obvious causes of problems with valves.

UNLOCK THE SECRETS OF

MSS-SP-92

TUESDAY, JUNE 28 1:00 CDT

[\(CLICK HERE TO REGISTER\)](#)

Material for the standard is divided into four main sections:

- Selection
- Shipping and Storage
- Installation
- Operation and Maintenance

The webinar will begin at 1:00 (CDT) and will run for 45-50 minutes, followed by a short Q&A session. Continuing Education Units (CEUs) are available from the American Society of Plumbing Engineers (**ASPE**). Registration is required for Live or On-Demand attendance.
