

# BUTTERFLY BOOTCAMP III

Join us next [Tuesday, August 24](#) for the final installation of Butterfly Valve Bootcamp. Regional manager Jeff Kiefer will cover installation guidelines, dead-end service and routine troubleshooting of minor issues during the install of resilient-seated and double offset high-performance butterfly valves.

The 45-50 minutes webinar will begin at 1:00 (CDT) and will be followed by a short Q&A session. Continuing Education Units (CEUs) are available from the American Society of Plumbing Engineers (**ASPE**). A link to the registration page can be found at the [Milwaukee Valve](#) website today or by clicking [HERE](#). Registration is required for Live or On-Demand attendance.

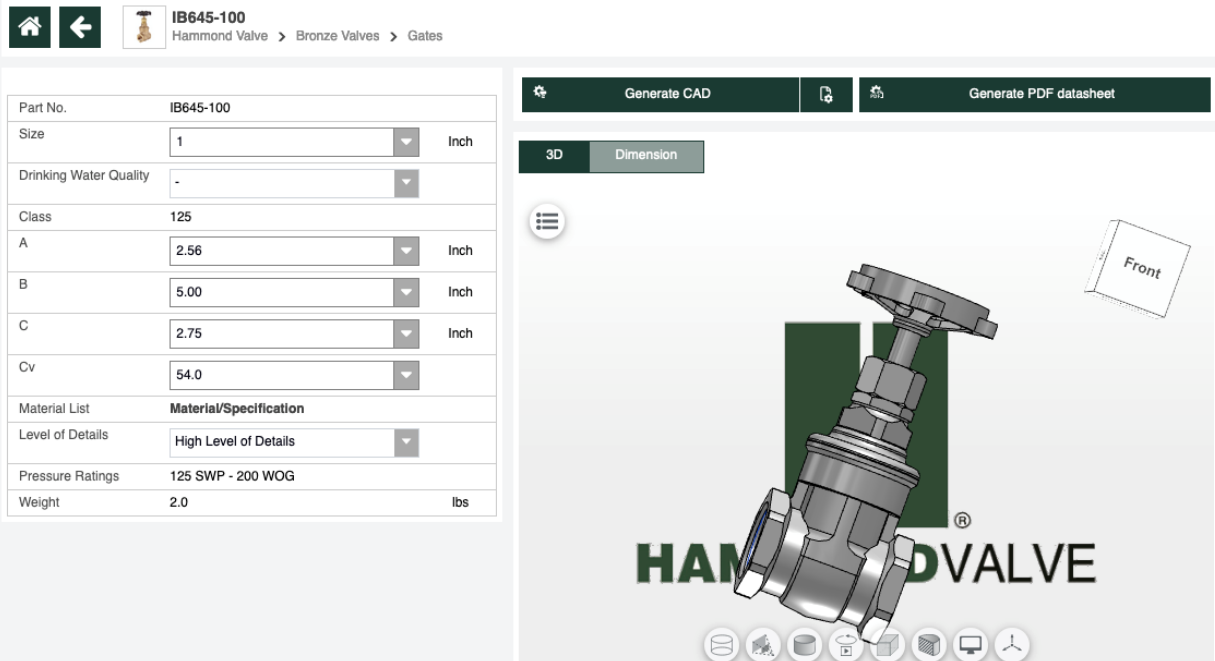

## BUTTERFLY BOOTCAMP III

**TUESDAY, AUGUST 24 1:00 CDT**

# Experience

Last month, Hammond Valve launched its new website ([www.HammondValve.com](http://www.HammondValve.com)). In addition to providing additional products and content, Hammond has utilized 3D and BIM content to provide more functionality, more content and easier digital product downloads to create a better digital customer experience.

The online catalog makes it easier for customers to download the digital models they need into their CAD or BIM design software. The 3D part catalog now features 150+ CAD and BIM formats, including Autodesk REVIT®.

For more information and to sample the easy-to-use interface, visit the [2D & 3D File Page](#) at [www.HammondValve.com](http://www.HammondValve.com) or contact your Hammond Valve sales representative or customer service contact.
